---

An aerial photograph of a winter mountain scene. A dark wooden cabin with a snow-laden roof and a chimney is in the upper left. A large evergreen tree stands in the center. To the right, a wooden walkway leads through the snow, flanked by several small wooden benches or planters, some of which are also covered in snow. In the lower right, a square wooden structure, possibly a fire pit or a small shelter, is partially buried in the snow. Ski tracks are visible in the lower left, leading towards a small ski lift or chairlift structure. The entire landscape is covered in a thick layer of white snow.
